

No. 4451 Date. 21/11/19

It is observed that, the Biometric Registration Data of several institutes have not been synced to central server upto date. Even in some cases the data have not been synced for more than a month and the data available in the central server shows only very old data. This issue has also been discussed in the Principals Meeting held on 26.9.2019. The current status of Biometric attendance in central server is enclosed herewith for ready reference. As per Examination Rules, Students having required percentage of Biometric attendance shall only be allowed to appear Winter semester Exams 2019. Unless the Institutes updates the Biometric attendance data of the students as per procedure, correct calculation of attendance of students at the closing of attendance may not be possible for the students of the concerned Institutes and ultimately those students shall be debarred from appearing Exams.

Hence Principals of all Polytechnics are hereby advised to update the Biometric attendance status in the central server immediately and also regularly sync the Biometric attendance data to the central server on daily basis.

In the event of non-syncing of Biometric data to central server, if any student is debarred from appearing Examination, SCTE&VT shall not be held responsible for such lapse on the part of individual Institution.
