

No. 38 dtd. 8/01/2021

ORDER

As per the new Examination Rule 4.2 students taking admission into Diploma course (both Regular & Lateral Entry) have to submit CLC/SLC/TC from the institute last admitted. However if the CLC/SLC/TC submitted is not from the institution governed by/affiliated to any University/ Board of Odisha then such students have to also submit the Migration Certificate from the concerned Board/University along with their CLC/SLC/TC.

The Online Registration process of Diploma students admitted during 2020 (Regular & Lateral Entry) will start very soon at different Nodal Centers. As observed from previous year experience most of the Polytechnics do not submit the CLC/SLC/TC and Migration Certificate of their admitted students in time at the allotted nodal centers, rather they submit the same towards the fag end of the schedule. This creates dislocation at the nodal centers and they face lot of difficulties in verifying documents of a large no. of students within a limited time period. In order to obviate the above practice Principals of all affiliated Polytechnics are hereby informed to be in readiness with cancelled CLC/SLC/TC and Migration Certificate (if required) of their students well in advance so that submission & verification of documents can be done in a smooth manner at the nodal centers. Principals are further requested to collect the Mobile no. of each student and their parents. Aadhaar Number, E-Mail ID, latest Photographs etc. which is to be entered in the Vidyarthi portal by each institute for completion of registration process. Thereafter Council will allot Registration Number and issue Registration Certificate online for each student.
