**Sub : Advisory for education institutions in view of cluster outbreak of Covid-19 cases in institutions.**

Madam/ Sir

In inviting a reference to the subject cited above, I am to say that keeping in view of the declining incidence of Covid-19 pandemic the education institutions were allowed to open and the offline classes were also allowed maintaining Covid -19 appropriate behavior vide Govt. Letter No.31667/H&FW Dated 22.11.2021. However due to recent cluster outbreak of Covid-19 cases in schools and colleges and concern for the new variant of Covid-19, Government have been pleased to issue the following advisory to be followed strictly to manage the issue and to prevent further increase of incidence.

**A. Measures in Classrooms:**

1. Classrooms are vulnerable places for contamination and spread because of the paucity of spaces. To avoid this, the students should be divided into groups as per the size of class rooms so that physical distancing is possible. The routine may be appropriately modified.
2. At the entrance of the classroom sanitizer must be made available. It shall be the duty of class teacher to ensure and guide proper sanitization of hand by the students.
