I'm directed to inform that it has observed that inspite of several times portal was opened for creating the eligibility for the students to appear in EXAM, many are not acting on TIME. This leads to delay in conducting the exam for left over candidates ONTIME.

As a last chance, NCVTMIS portal has been reopened for the entry of eligibility (attendance /Sessional) for leftover candidates for the following session from 22nd Feb -24 Feb 2022

S.no	SessionYear		
1	2020 (One Year /6 Month Trade/Private candidates).	Regular	Exam
2	2020-22 (Two Year Trade/Private candidates) Ist Year practical Exam	Regular	
3	2019-21 (Two Year Trade/Private candidates))2nd Year Examination	Regular	

You are requested to fill up the eligibility of trainees so that Practical / HT may be generated on time. No further extension will be given thereafter.

Portal will be closed on 24th Feb 2022 11:59 PM

Note: ED/Practical Entry also kept open. We are planning to declare all the results before 28th FEB for those ED/Practical Marks available in the system. Rest will be done in the March First week. So Please act fast.
